CHIJMES Church, with its towering spires and coastal vistas, offers a majestic sanctuary for reflection and worship

An architectural rendering of a large, white Gothic-style church with multiple spires and stained glass windows. The church is set in a courtyard with a paved walkway, benches, and a small outdoor seating area with red umbrellas. People are shown walking and sitting, suggesting a lively community space. The sky is a mix of blue and orange, indicating dusk or dawn. In the foreground, a stone balustrade with a globe on top is visible. To the left, a two-story building with a balcony is connected to the church area. To the right, another building with arches is visible. Signs for 'COFFEE SHOP' and 'SNACK BAR' are placed near the church entrance.
